President Clinton has more problems than the campaign promise to eliminate the ban on homosexuals in the military. Before that problem could be properly addressed and settled, he is seen in a battle with social security defenders. This deals with the trial balloon out of Washington which suggested a freeze on annual social security cost of living (COLA) raises. We heard one of Clinton's cabinet members on the tube earlier this week. He has great dreams of solving many of the housing problems in the next four years. First they are going to get many more poor families in affordable housing, then they are going to get many more poor faintness in arrordable housing, then they are going to make home ownership affordable for many more middle income Americans. If that isn't enough for anyone in four years, they are also going to get many, many of the homeless people into decent housing! We listened with interest Monday afternoon as law officers from several departments joined in the effort to stop a fast moving driver in a car fitting the description of one stolen here last week. The chase started in Elba went to Opp, Kinston and ended in DeFuniak Springs, FL in a wreck. All the way, police departments were getting reports from motorist who were almost run off the road by the fast moving car. We are thankful there were apparently no serious injuries to those innocent motorists who were actually in the wreck. We also note for your information that none of the professional law officers pushed the suspect hard in the chase. Each time they backed off what appeared to be reckless driving rather than be the cause of

We have some "good" information dealing with the homosexuals in the military. This comes from a local, reliable source and therefore must be the truth. This source (a lawyer) told us the U. S. military would be doing away with the traditional salute ... they will soon be teaching all recruits the proper way to blow kisses!

People needing clothing, etc. but looking for something at a lower cost than new, should check with the Christian Mission. They are located right next to the Elba Police Station. These folks have items other than clothing but their clothing items are properly sorted and right sizes easily found. The money they make goes to help less fortunate people. Help them with donations of clothing or with purchases when you can.

Our little three-year-old daughter Melanie had to go home from daycare Friday morning because of a low grade fever, but since Mom was already at home with the flu, I figured they could both stay home and rest, and both would be better by the time I got in Friday afternoon. Boy was I wrong! Late Friday afternoon I got a call that Melanie was at the hospital with a 105 degree fever and by the time I got to the hospital she was having x-rays and blood work done to find out just what was going on. At least three members of the state championship Elba Tiger football team will sign college scholarships this week on the first day of signing and I'll be surprised if at least that many more don't sign before long. He didn't fear comparisons with by David Yelverton, and never let Cole, and even got the former coach to run the clock at all home games. As the Red Tops any closer than 10 they say "The rest is history."

Kinsaul, the son of a coach, posted a 12-11 record in his first season at the Gamecock helm, and then showed everyone what kind of coach he really was as he guided his team to seven straight 20-win seasons. As the style to 49-42 with 5:29 left in the game, of play changed, so did Kinsaul, and his teams changed to the fast-paced attack and kept on winning. NEW BROCKTON (12-5) is another team that appears to be peaking at just the right time. New Brockton could be a sleeper

KINSTON (9-9) kept up its weekly pace of winning one and losing one last week and continues to be one of the top teams in the state that doesn't have a winning record. The Bulldogs have some deadly outside shooters and a team filled with players that give 110 percent every single minute, making them a team that can whip anybody on any given night. Don't count

ZION CHAPEL (0-13) continued to improve last week and played Houston Academy and Ariton tough before falling late.
